UCSF
FLOOR WARDEN
EMERGENCY SUPPLIES AND EQUIPMENT

Floor Warden kits are purchased and maintained by departments. Alternate Floor Wardens will not receive emergency supplies.

FLOOR WARDENS are responsible for their assigned emergency supplies. Supplies should be reviewed annually and restocked if necessary. It is the department’s responsibility to replace any used, outdated or lost supplies of their Floor Wardens. Resupply can be made via BearBuy and Grainger, if needed.

If you leave the University or transfer to another department, the Floor Warden supplies will remain in the department location and transferred to the replacement Floor Warden. Changes in Floor Warden assignment should be reported to the Campus Emergency Preparedness Specialist immediately by calling 476-3082.

Floor Wardens will be expected to wear the identification vest during all building evacuations, including drills.

Thank you for volunteering for this important emergency response position.
